A man in Oklahoma was injured in a game of baseball. He was an Odd Fellow, belonging to the eastern section of the order in Oklahoma. The game was played on Sunday. The man applied to the usual sick benefit allowance. His lodge denied his claim on the ground that his injury was the result of an immoral act. He appealed to the grand lodge, and the grand lodge upheld the finding of the local lodge. The case was carried to the sovereign grand lodge of the world and that body also upheld the decision. —Ozark Democrat.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Never Known to Fail.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Ind. Ter. For sale by all druggists.

Union Services

The series of union summer services inaugurated by the Ministerial Union are proving exceedingly interesting, and the churches in which they are held are being crowded to the doors. It is in harmony with the spirit of the time. Truth, like God, never changes but interpretations and applications of it do. Narrowness and bigotry have no place in the Christian program; they belong to a receding age. Never has the spirit of brotherliness and fellowship been so marked in this city as it is today amongst the churches generally. Next Sabbath evening the meeting will be held in the First Christian Church, the Reverend McCrory of the M. E. Church preaching the sermon. A very cordial invitation is extended to everybody interested in the higher moral life of Monett to attend.

MONUMENTAL TALKS.

The agent for non-resident firms tells you what bargains he is furnishing in monuments; how in some way he is saving a deal of freight selling work at wholesale, owning large manufacturing plants, and possibly owns a quarry or two.

But possibly he forgets to tell you what commission or salary he is getting for selling work, what his traveling expenses are per month; also that he would be of no use to the firm he works for unless he made them a profit in addition to these extra expenses; that in any saving of freight or some other expense it is the local dealer who has the advantage; that the best satisfaction and best terms in buying monuments are obtained from buying direct from some reliable dealer and not through agents; that the best work is not obtained from the "cheap John" talker, and cheap work is dear at any price.

We do not employ agents. Cramer's monuments are dependable in every way. Give us a chance to show you what he can do, then if for any reason you do not think to you best interests to patronize the home dealer we will be glad to give you the names of other reliable dealers. It is not necessary to buy through agents and pay the extra salary or commission.
